

KT04-80y

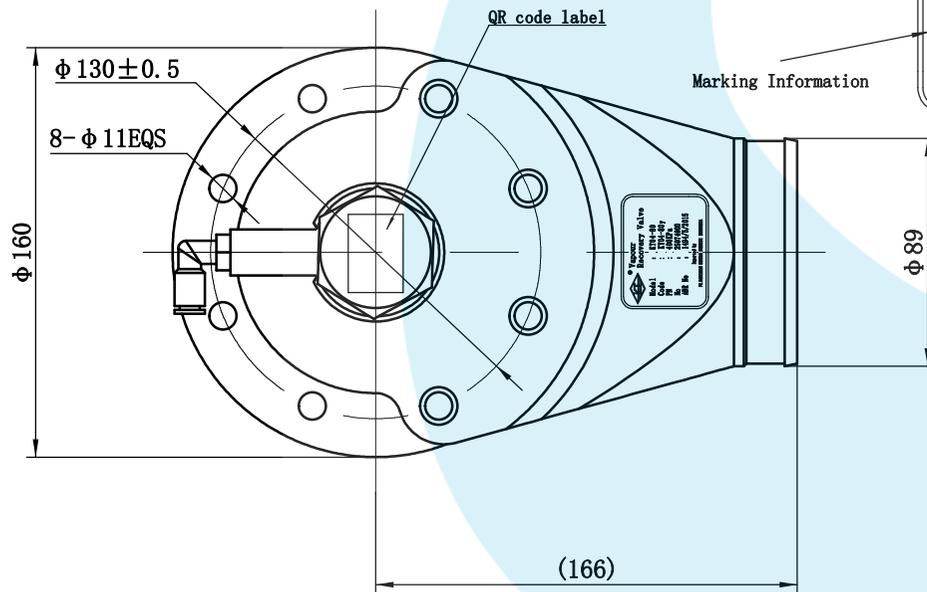

(400~800KPa)
air inlet

Assist
the outlet

 Vapour Recovery Valve
 Model : KT04-80
 Code : KT04-80y
 PN : 400KPa
 No : 25074000
 ADR No : 1494/5/2015
 Imported by
 PT. PANCAHARUKAN PRESTISI INDONESIA

Marking Information

Technical requirement

1. Design standards: EN 13082-2008;
2. Working temperature: -20°C ~ +70°C;
3. Applicable medium: light fuels such as gasoline and diesel;
4. Nominal pressure: 400KPa;
5. Gas source pressure range: 400~800KPa;
6. Tighten bolts to evenly to a torque setting of 20-26Nm;
7. Sealing material: Viton.
